

Lodge Activities Committee  
Mid-Year Convention Report  
Clarksburg, West Virginia  
August 12-14, 2011

Fellowship, Physical Facilities and Pride are the products that the Subordinate Lodges have to offer. By selling these products the Lodge Activities Program maintains a vital link between the State Association and the Grand Lodge. Take advantage of all of the incentives and awards that the Grand Lodge has to offer. They can be very productive for your Lodge and the Order.

I would like to stress Grand Lodge Awards, especially the Exalted Rulers Awards and the two special contribution awards. They can be found in the Grand Lodge Activities/ State Association Committee Program, 2011-2012.

In the next two months the Lodge Activities Committee will select and register one Lodge in the state with the Grand Lodge, to participate in the Subordinate Lodge Web Site Contest. Bluefield Elks Lodge No. 269 won a five star award this year. To enter this year the committee must have your Lodge Web Site. Again, for further information refers to the Grand Lodge Activities/State Association Committee Program, 2011-2012. The State Association and Subordinate Lodge Web Sites will be accessed and judged up to three times during the year and submitted in October to the Grand Lodge.

In closing, I would like to congratulate all Lodges throughout the state who won Grand Lodge Contests and Awards. If you have any questions or require further information, please contact me or any member of this member of this committee. We are always ready to help and assist you.

To the members of the Lodge Activities Committee, Thank You.

Fraternally,

Carl T. Mooney, VP-South  
Chairman Lodge Activities
